Location: **Highland Park Community Center**

Location Address: 3716 2 Street Northwest Calgary

Disclaimer:

Currency will be listed in Canadian (CAD) funds. Vendors and buyers from out of country will be expected to have Canadian currency on hand. Vendors will not be expected to make change for any funds in USD.

The Calgary Aquarium Society (heretofore CAS) is responsible only for providing the venue to hold the event, and for the promotion of the swap event.

The CAS will not be held responsible for any of the vendors' property that has been damaged, lost, or stolen.

The CAS reserves the right to refuse table space, or to close tables down, in the event of any altercations or if a vendor is found to be in violation of the following rules.

The event rules are as follows:

- 1) Vendor table space will be rented out at \$40.00 per 6-foot table.
- 2) There will be a maximum of two vendors per table.
- 3) There will be a limited number of electrical outlets available, on first-come-first-served basis. Vendors will be permitted to set up display tanks using these outlets, however the vendor should provide an appropriate stand to contain the weight of any aquarium used.
- 4) Vendors using outlets must provide their own extension cables and power bars.
- 5) Vendors must provide their own change, as many transactions will be made using cash. Change will not be provided by the CAS.
- 6) This will be an aquarium-related swap meet only. Please bring only merchandise and livestock relating to the fish-keeping hobby.
- 7) All equipment must be in working order, or else must be labeled as "PARTS ONLY". All aquariums should be water-tested ahead of time and clearly marked whether or not they hold water. Buyers should also water-test any purchased aquariums prior to setting them up. The CAS will not be held responsible for any aquariums declared water-tight, later deemed to be defective.

8) All livestock must be labeled with the scientific name, Common name, quantity and price. All equipment must be labeled with a price. Haggling and bartering is permitted, however all items must be clearly marked with a starting point.

9) No native fish or plants are permitted to be sold at the swap meet.
